Thereupon, the Subcontractor shall, at its own expense, take the necessary corrective action. The University shall reject performance or revoke its acceptance of an Item: (1) within a reasonable time after a defect is discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the Item, unless the change is due to a defect in the Item.

CLAUSE 17 - DISPUTES

Except as otherwise provided in the Subcontract, any claim under the Subcontract not resolved in the ordinary course of business shall be referred in writing to the University's Procurement Specialist and the executive management representative of the Subcontractor with the authority to settle the dispute. The representatives of the parties, or their designees, shall then attempt in good faith to resolve the dispute by negotiations. All negotiations shall be confidential and shall be treated as compromise and settlement negotiations, for the purposes

of application of rules of evidence. Pending resolution of the dispute, the Subcontractor shall proceed diligently with the performance of the Subcontract, in accordance with its terms and conditions.

Any unresolved dispute with a value under \$100,000 relating to the Subcontract (whether contract, tort, or both), or the breach of the Subcontract shall be arbitrated by and in accordance with the then existing commercial arbitration rules of the American Arbitration Association (AAA). The Subcontractor shall notify the University in writing as soon as reasonably possible after commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give the University written notice of the cessation of such occurrence.

CLAUSE 20 - TERMINATION

The Subcontract may be terminated by either party at any time, at will, with or without cause, with or without the giving of any reasons, and by giving notice to the other party at least 15 calendar days before the termination is to be effective.

In the event of a termination by the University, the Subcontractor shall be paid, subject to the terms and conditions of the Subcontract, a percentage of the Subcontract price reflecting the percentage of work performed prior to the notice of termination, plus any reasonable charges resulting from the termination which the Subcontractor can substantiate to the satisfaction of the University, using the Subcontractor's standard record keeping system; provided, however, that the total thereof shall not exceed the Subcontract price. The Subcontractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

In the event of a termination by the Subcontractor, the University shall be paid, subject to the terms and conditions of the Subcontract: (1) its costs incurred in obtaining substitute performance from another source, including, without limitation, the difference between the price for the terminated Items and the market price for substitute items at the time of the termination plus the University's costs and expenses incurred in obtaining substitute performance, and any other reasonable expense incident to the termination, but less any expenses saved in consequence of the termination; and (2) any incidental or consequential damages resulting from any delay in obtaining substitute performance beyond the time stipulated for the Subcontractor's performance.

If a default occurs under the Subcontract, and if within 30 calendar days after the non-defaulting party has given the defaulting party notice

of the event of default the defaulting party has not cured the default or, if the default cannot be reasonably cured within such time period, if the defaulting party has not commenced the cure within such time period, diligently continued to pursue such cure, and completed it within 45 days after such notice, the non-defaulting party may, at its option, terminate the Subcontract at any time thereafter upon written notice to the defaulting party. In the event of a termination for default, the non-defaulting party may thereafter pursue any remedy they may have, at law or in equity, in a court of competent jurisdiction, in accordance with the provision of these General Provisions entitled *GOVERNING LAW AND VENUE*.

CLAUSE 21 - WORK ON UNIVERSITY OR GOVERNMENT

PREMISES *(Applicable to Subcontracts involving Subcontractor's performance at University or Government-owned sites or facilities.)*

(a) **Liens.** The Subcontractor agrees that, at any time upon the request of the University, it will submit a sworn statement setting forth the services performed or goods furnished by lower-tier subcontractors and the amount due and to become due to each, and that before the final payment called for hereunder, it will, if requested, submit to the University a complete set of vouchers showing what payments have been made for goods and labor used in connection with the work called for hereunder.

(b) **Indemnify, Defend and Hold Harmless.**

(1) The Subcontractor shall indemnify, defend and hold harmless the University and the Government from all claims, demands, causes of action, or suits, of whatever nature, arising out of the services, labor, and goods furnished by the Subcontractor or its lower-tier subcontractors under the subcontract, and from all laborers', materialmen's, and mechanics' liens upon the real property upon which the work is located or any other property of the University or the Government; and

(2) Promptly notify the University, in writing, of any such claims, demands, causes of action, or suits brought to its attention. The Subcontractor shall forward with such notification copies of all pertinent papers received by the Subcontractor with respect to any such claims, demands, causes of action, suits, or liens and, at the request of the University, shall do all things and execute and deliver all appropriate documents and assignments in favor of the University or the Government of all the Subcontractor's rights and claims growing out of such asserted claims as will enable the University and the Government to protect their respective interests by litigation or other means. The final payment shall not be made until the Subcontractor, if required, shall deliver to the University a complete release of all liens arising out of the subcontract or receipts in full in lieu thereof, as the University may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and goods for which a lien could be filed; but the Subcontractor may, if any lower-tier subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the University to indemnify it against any claim by lien or other means. If any lien or claim remains unsatisfied after all payments are made, the Subcontractor shall refund to the University all moneys that the latter may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorney's fees.

(c) **Cleaning Up.** The Subcontract shall at all times keep University or Government premises and adjoining premises where the work is performed free from accumulations of waste material or rubbish caused by its employees, work of its employees, or work of any of its lower-tier subcontractors; and, at the completion of the work, it shall remove all rubbish from and about the buildings and all of its and its lower-tier subcontractors' tools, scaffolding, and surplus materials and shall leave the work area "broom clean" or its equivalent, unless more exactly specified. In cases of a dispute between the Subcontractor and its lower-tier subcontractors employed on or about the structure or structures upon which the work is to be done, as herein provided, as to responsibility for the removal of the rubbish, or, in case the same is not promptly removed as herein required, the University may remove the rubbish and charge the cost to the Subcontractor.

(d) **Employees.**

(1) The Subcontractor shall not employ for the work any unfit person or anyone not skilled in the work assigned to the person and shall devote only its best qualified personnel to work under the subcontract. Should the University deem anyone employed on the work incompetent or unfit for duty and so inform the Subcontractor, the Subcontractor shall remove such person from the work under the

subcontract, and that person shall not again, without written permission of the University, be assigned to work under the subcontract.

(2) It is understood that if employees of the University shall perform any acts for the purpose of discharging the responsibility undertaken by the Subcontractor hereunder, whether requested to perform such acts by the Subcontractor or not, such employees of the University while performing such acts shall be considered the agents and servants of the Subcontractor subject to the exclusive control of the Subcontractor.

(e) **Insurance.** The Subcontractor shall maintain with reputable companies insurance in amounts required under the subcontract sufficient to protect the University and the Government from any and all public liability and Workers' Compensation claims at all times during the performance of the subcontract. If requested, the Subcontractor shall supply the University with one copy of certificates of insurance covering policies required hereunder and shall obtain satisfactory evidence of lower-tier subcontractors' compliance with these provisions before their participation in the work. In the absence of more specific direction from the University, the Subcontractor shall maintain additional insurance to the extent consistent with sound business practice.

(f) **Environment, Safety, Health, and Fire Protection.**

(1) The Subcontractor shall take all reasonable precautions in the performance of the work under this subcontract to protect the health and safety of employees and members of the public; minimize danger from all hazards to life and property; and, to the extent compliance is required, shall comply with all health, safety, fire protection, and environmental regulations and requirements, including reporting requirements, of the University and DOE. The University shall notify the Subcontractor in writing of any noncompliance with the provisions of this clause and the corrective action to be taken. After receipt of such notice, the Subcontractor shall immediately take corrective action. This corrective action shall include, at a minimum, that the Subcontractor submit a management program and implementation plan to the University for review and approval within 30 days after the date of award of this subcontract. In the event that the Subcontractor fails to comply with said regulations or requirements of the University or the DOE, the University may, without prejudice to any other legal or contractual rights of the University, issue a stop-work order stopping all or any part of the work; thereafter, a start order for resumption of the work may be issued at the discretion of the University. The Subcontractor shall make no claim for an extension of time or for compensation or damages by reason of or in connection with such work stoppage.

(2) The Subcontractor shall take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon University or Government premises. Such measures and precautions shall include, but shall not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on University or Government premises which could be dangerous and to prevent accidents of any kind whenever work is being performed in proximity to any moving or operating machinery, equipment, or facilities, whether such machinery, equipment, or facilities are the property of or are being operated by the Subcontractor, its lower-tier subcontractors, the University, or other persons.
